**Forest open-air museum**  
 A living natural museum that brings you closer to the values of a forest as well as the meaning of a forester's work in it. It was built by LESY SLOVENSKEJ REPUBLIKY, s.p.  
 On the „bath of a forest time“, which is 3 km long, you will find examples of forest management, forest history, techniques, equipment, forest occupants along with artworks that have been created by forest. We wish you a nice day and look forward to seeing you again.  
**Your foresters**
